**WRAPPINGS WITH STYLE**

# Filling and Protection

White, colored, or customized papers, to delicately and refinedly wrap the product inside its box. Enhance it through the choice of packaging optimized to be aesthetically pleasing but above all practical and functional. The customization of the paper enhances the product through the choice of packaging capable of giving your products an accurate and prestigious image.

## **Mono glossy tissue paper Luxury tissue paper**

Tissue paper in the mono glossy and luxury version with neutral pH. They are extremely thin, lightweight papers that are easy to shape, capable of wrapping and protecting while ensuring practical and refined packaging.

## **White "Eltel"**

Special overwrapping and packaging paper used in various sectors, also ideal for packaging shoes, footwear, or general gift items.

## **White Kraft 30/40 gsm**

Pure cellulose paper. Thanks to the different weights, it is suitable for any type of packaging.

## **Ribbed brown paper 40 gsm**

100% pure brown cellulose. The traditional brown paper, ideal for practical and versatile use, is one of the most commonly used papers in various commercial sectors.
